

OUTLANDER

GET OUT THERE AND DISCOVER

LUXURY & STYLE

Multi-select 4WD

Using one centrally located dial, the system permits switching between 3 drive modes, depending on driving condition or environment. Easily accessible on the floor console, the drive-mode selector dial can quickly change the Outlander's drive mode from fuel-efficient 2WD, to 4WD Lock Mode for mastering demanding off-road or weather conditions.

Multi-function Steering Wheel

Simple to use steering wheel and easy to reach Audio/Cruise Controls for pumping it up, turning it down or changing the mood. Cruise Control assists the driver with staying within the speed limit and helps reduce fatigue on long trips.

Smart Key

Synchronised to an individual Outlander, every Smart Key is as unique as you are. Once you are within a certain radius, your Outlander will recognise your Smart Key and allow you to open the doors and tailgate, even start the engine, whilst your Smart Key is in your pocket or handbag.

Safety Performance

- 6 Airbags (Driver, Passenger, Seat and Side curtains)
- ASC (Active Stability Control)
- ABS (Anti-lock Braking System)
- EBD (Electronic Brake-force Distribution)
- Brake Assist

Warranty & Service Plan

- 3 Year/100,000km Manufacturer's Warranty
- 3 Year/60,000km Maintenance Plan
- Service intervals every 15,000km
